
WICKED WAIATA

VIDEO DJ & MIXTAPE KING

VIDEO DJ PIONEER MIXTAPE KING

ABOUT ME

Starting as a club DJ in 1989, Wicked Waiata has been a steady influence on the Urban Music scene for over 30 years.

In 2001, he moved to Sydney, Australia and continued to DJ in clubs, becoming one of the first to DJ at a venue using the Final Scratch DVS system in 2002.

In 2005, he was one of the first Video DJs in the country that could remix Audio and Video and play them live using Pioneer's DVJ decks.

In 2006, he released Australasia's first Video Remix DVD, whilst being one of the first to upload his mixes to Youtube.

His mixes amassed over a million views and still remains one of the most watched live remixing VJ sets.

15 years later and he still produces remixes and tracks while performing live Video DJ sets in NSW. One of the longest serving Club DJs in the business, he continues to astound audiences with his blend of new and remixed anthems.
